

JEFFERSON PARISH

Library Department

Michael S. Yenni
Parish President

Marylyn P. Haddican
Director

Dear patrons of the Rosedale Library and all patrons in Jefferson Parish,

I am happy to announce that the Rosedale Library is now open and hope that you enjoy the renovated facility! When the renovations to this Library began, it seemed clear on what had to be accomplished. As with any building project, there are tweaks that follow different phases.

Since the library was closed down for renovations the following upgrades have been completed:

- Interior upgrades including new carpet, a new ceiling with updated LED lighting, updated library furniture; and new paint and fixtures.
- The meeting room now includes a 70” touch-screen display for special training and gaming equipment for teens.
- A new layout that complements the library’s big windows.

The Jefferson Parish Library had you in mind with the time span of this project. Considering all the things involved, the library greatly appreciates the patience of the patrons that utilize the Rosedale Library.

Thank you very much,

Marylyn P. Haddican
Director
